

Qualification title	Diploma in Equine Practice – Top Up
Qualification level	3
Qualification number	Ofqual:

QUALIFICATION OVERVIEW	
<i>Who is this qualification for and what could it lead to?</i>	The Diploma in Equine Practice – Top Up aims to prepare and support learners for a career in an equine environment.
<i>Are there any entry requirements?</i>	Learners must be a qualified RVN. Learners must be able to undertake suitable work experience in an equine environment that has been approved for training by CQ.
<i>What are the key purposes of the qualification?</i>	The Equine Practice Top Up aims to prepare and support qualified registered veterinary nurses for a career in an Equine Environment. The key purposes of the qualification are: <ul style="list-style-type: none"> • To give learners the ability to gain the knowledge and skills necessary to practise equine nursing, safely and competently. • To allow learners to grow as individuals and give them the chance to learn life skills essential for professional development.
<i>What does this qualification cover?</i>	The programme will include a balance of practical learning and theoretical teaching and use a variety of strategies to ensure learners can undertake clinical tasks proficiently. Clinical placements in relevant equine environments will allow the acquisition of nursing skills and will enable learners to become competent and confident in their skills. In order to successfully achieve the qualification a student will need to gain a pass in all units within the syllabus. All units are mandatory.

<p><i>What are the units within the syllabus?</i></p>	<ul style="list-style-type: none"> • Equine functional anatomy and physiology • Applied animal welfare, health and husbandry in equine practice • Diagnostic imaging in equine practice • Practical laboratory diagnostics in equine practice • Principles of nursing support in equine practice • Practical nursing support in equine practice • Principles of peri-operative nursing support in equine practice • Practical peri-operative nursing support in equine practice • Supporting anaesthesia in equine practice • Nursing support for emergency and critical care in equine practice • Principles of equine neonatal care
