To whom it may concern,

As a training provider that trains veterinary nurses/veterinary nursing assistants we fully support the following qualification:

- CQ Level 2 Safe Use of Medication for Small Animals

We believe that the qualification:

- will give learners knowledge and skills necessary to work safely and competently
- will allow learners to grow as individuals and give them the chance to learn life skills essential for working in a veterinary practice environment and other similar workplaces
- meet the needs of the industry
- are suitable for the age category 16+
- will provide a progression onto other qualifications or employment

Yours Sincerely,

**Kirsty Gwynne | Director**
