WELSH LANGUAGE POLICY STATEMENT

We recognise the importance of language diversity and cultural inclusivity but due to certain constraints and considerations, we are not able to offer qualifications through the medium of Welsh at this time.

Our decision not to offer our qualifications using the Welsh language is determined by the following:

- current market demand in Wales
- the resources required to ensure good quality development of qualification and support processes in the Welsh language
- the ability to employ sufficient assessment developers and markers fluent in the Welsh language
- the ability to employ sufficient quality assurance personnel fluent in the Welsh language
- the international scientific language for our qualification is English, therefore some of the content would not be possible to be taught in Welsh

Review arrangements

We will review this document annually as part of our self-evaluation arrangements and/or in response to customer, or regulatory feedback.
